STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. KERRY (for himself, Mr. KENNEDY, Mr. GREGG, and Mr. SUNUNU):

S. 1898. A bill to establish the Freedom's Way National Heritage Area in the States of Massachusetts and New Hampshire, and for other purposes; to the Committee on Energy and Natural Resources.

Mr. KERRY. Mr. President, I rise to introduce legislation to establish the Freedom's Way National Heritage Area in New Hampshire and Massachusetts. The bill is cosponsored by Senator KENNEDY, Senator GREGG and Senator SUNUNU.

The bill proposes to establish a national heritage area including 36 communities in Massachusetts and six communities in New Hampshire. The area has important cultural and natural legacies that are important to New England and the entire Nation. I want to highlight just a few of the reasons I believe this designation makes sense.

The Freedom's Way is an ideal candidate because it is rich in historic sites, trails, landscapes and views. The land and the area's resources are pieces of American history and culture. The entire region, and especially places like Lexington and Concord, is important to our country's founding and our political and philosophical principles. Within the 42 communities are truly special places. These include the Minute Man National Historic Park, more than 40 National Register Districts and National Historic Landmarks, the Great Meadows National Wildlife Refuge, Walden Pond State Reservation, Gardener State Park, Harvard Shaker Village and the Shirley Shaker Village.

In addition, there is strong grassroots support for this designation. The people of these communities organized themselves in this effort and have now turned to us for assistance. I hope we can provide it. Supporters include elected officials, people dedicated to preserving a small piece of American and New England history, and local business leaders. It is an honor to help their cause.

Finally, I am very pleased that Senators from both Massachusetts and New Hampshire have embraced this proposal. I thank Senators KENNEDY, GREGG and SUNUNU.

By Mr. MCCAIN (for himself, Mr. DORGAN, Mr. CRAPO, and Mr. INOUE):

S. 1899. A bill to amend the Indian Child Protection and Family Violence Prevention Act to identify and remove barriers to reducing child abuse, to provide for examinations of certain children, and for other purposes; to the Committee on Indian Affairs.

Mr. MCCAIN. Mr. President, today I am introducing a bill to reauthorize the Indian Child Protection and Family Violence Prevention Act. This bill is intended to reauthorize appropriations for child sexual abuse prevention and treatment grants, to identify the scope of child abuse and family violence in Indian country by requiring annual comprehensive data gathering, to encourage inter-agency coordination between the Indian Health Service and public and private medical or treatment organizations in the treatment and examination of children through the use of telemedicine, and to conform the Act to other Federal child abuse reporting and confidentiality laws. The bill provides a 4-year reauthorization of appropriations for the Act.

The Indian Child Protection and Family Violence Prevention Act was enacted in 1990 to address findings of the Senate Select Committee on Indian Affairs and the Special Committee on Investigations as it examined the Federal trust relationship with Indian tribes. Through public hearings, these Committees found that, at the time, Indian country was a safe haven for child abuse perpetrators. I will not forget the testimony of parents whose children fell prey to the notorious cases of multiple child sexual abuse that occurred on the Hopi, Navajo, and Cherokee reservations over the course of many years. The Federal investigation and prosecution of these crimes revealed that child abuse perpetrators were aware that the conditions of reporting, investigating, and preventing crimes upon children were in such a sorry state that their crimes would rarely be detected. Needless to say, the consequences proved tragic to hundreds of child victims, their families and their communities.

We enacted this law to give the Federal Government an opportunity to meet its responsibility to Indian children and families by establishing policies and programs to prevent child abuse and family violence. To accomplish this, appropriations were authorized to establish prevention and treatment programs within the BIA and IHS. The Act also authorized the BIA and IHS to assist tribes in establishing on-reservation child abuse prevention and treatment programs. The Act also provided criminal sanctions for professionals who failed to report acts of abuse or suspected abuse and prescribed a child abuse reporting process for law enforcement.

I don't believe that the possible benefits of the Act have been fully realized.
